Trim Area

This will be where the print is cut to, so represents the edges of the artwork, anything outside of this line will be lost.

Safe Area

The safe Area is where we reccomend to not let any textor important elements sit beyond as it is close to the edge.

BleedArea

Ensure any background images or colours extend past the trim up to this line, this is to eliminate any unwanted white lines on the edges of the final trimmed product.

Key Fob

49mm x 19.5mm
